**Detroit, MI – September 24, 2018** - [Paramount WorkPlace](#), a leading software developer and provider of cloud-based and mobile spend management software solutions, will be demonstrating its tight integration with Sage Intacct as a proud Silver Sponsor during the [Sage Intacct Advantage 2018](#) event, to be held October 22-26, 2018 in Nashville, TN.

[Salim Khalife](#), President and CEO of Paramount WorkPlace, said, "We're proud to sponsor the upcoming Sage Intacct Advantage event. Our partnership with Sage Intacct was designed to enhance the strengths of both products for the benefit of our mutual customers, providing them with a comprehensive spend management solution tightly integrated with a world-class Cloud ERP solution. We look forward to meeting with customers, partners, and prospects in Nashville to demonstrate the full power of our partnership."

"We support a best in class approach that enables users to extend Sage Intacct by utilizing complementary business applications that best fit the requirements of their organization," said [Chris Rose](#), Vice President of Business Development at Sage Intacct. "The Sage Intacct Marketplace is comprised of a broad array of pre-integrated solutions that collectively provide one of the best ecosystems in the industry. Many of these solutions will be showcased at Sage Intacct Advantage 2018. We're excited to have Paramount WorkPlace as a Silver sponsor while demonstrating the unique benefits that this partnership offers our joint customers."

Paramount WorkPlace is available as either a standalone solution or as an ERP-integrated requisition, procurement, expense management, and AP automation solution. Users can now further leverage the power of Sage Intacct by adding enterprise-level functionalities that include:

- Sophisticated B2B [PunchOut](#) capabilities
- [Advanced OCR capabilities](#) for PO invoice matching, as well as non-PO invoices
- The most powerful approval rule engine in the market, allowing users to route by dimension within the transaction line level
- Automated purchasing accrual accounting
- Intuitive mobile app to shop internal catalogs, submit, and approve requisitions and expenses anytime, anywhere
- Advanced financial integration to Sage Intacct Dimension level budgets

Janet Martin, Senior Account Executive at Paramount WorkPlace, said, "The [advanced financial integration](#) was developed with full integration to GL accounts and standard Sage Intacct dimensions to provide powerful budget enforcement. Users can streamline entry and ensure accuracy through automatic user-tailored defaulting and restrictions. Plus they will benefit from line level cost allocation to GL accounts, Department, Location, Project, Customer, Vendor, Employee, Item, and Class. They will also have immediate budget-to-actual validation and visibility during data entry."

“When we began collaborating with the Sage Intacct team in 2016, we zeroed in on key areas where our solution could help users gain deeper value from Sage Intacct’s cloud financial management solutions,” said [Khensa Bangert](#), VP of Marketing and Business Development for Paramount WorkPlace. “These direct meetings helped us identify strategic integration points between our two solutions — areas where we can bring enterprise-level procurement and spend management capabilities to users. The result is a powerful, seamless, out-of-the-box integration that allows users to work more strategically and achieve more with less effort and time. Just in the last 18 months, this unique value has attracted organizations in the IT and Security, Entertainment, Oil & Drilling, Professional Services, and Non-Profit industries.”
