

Demand for B2B and PunchOut-enabled catalogs and storefronts continues to grow. As with all technology, that growth carries with it greater complexities and variations, as new users demand ever greater functionality. The knowledge and skills required to meet these demands continues to grow proportionately. You need a partner who is up to the challenge.

eStore-Connect meets the needs of mid-sized to the largest suppliers who need advanced B2B and PunchOut solutions immediately, and need the horsepower and functionality to set them apart from their competitors.

Advanced Storefront - Universal PunchOut Connectivity

Maximum Capacity PunchOut Storefront

eStore-Connect delivers all the features you need in a PunchOut Ready® certified storefront. Plus, it can fully integrate with your back-office system. Display shipping, availability, tax, etc. Seamlessly receive PO's, route Ship notices, and deliver Invoices. You send it your format – eStore-Connect will deliver them in the format your buyer requires. You need it all... eStore-Connect delivers.

Scaled for the largest Suppliers in the world

Designed for the supplier who doesn't have the internal resources to develop PunchOut – or simply wants to outsource this specialized functionality to the best team in the world. eStore-Connect is architected for mid-sized companies to the largest companies in the Fortune 100.

Punchout Compatibility Assurance™

You'll always be connected. When your customer upgrades their purchasing system, we'll upgrade your system to maintain compatibility – no questions asked! We have collected a wealth of knowledge over the years and we put it to good use. Your customer will have continuous access to a Test PunchOut system and our knowledgeable staff, so when they are ready to upgrade – it's our team that provides them the facilities and feedback they need to ensure a successful upgrade.

PunchOut Ready® certified

You can be confident that you've made a wise choice. Compatible with over 50 different Purchasing solutions, eStore-Connect is the right choice today and into the future. Today you have a customer using Ariba. But what about the next customer that's using Oracle, or PeopleSoft, or ccHubwoo, or Quadrem? Why take chances? Start off with a solution that can handle them all, and adds new integration modules regularly.

eStore-Connect. The only choice.

Benefits

Managed technology

- ❖ We do the hard work for you. Your developers don't need to learn PunchOut process or XML
- ❖ We work directly with your customer's technical team
- ❖ We have special connectors that work with your customer's purchasing system and can be modified as needed

Total Reliability

- ❖ Site is available to your customer 24hrs a day
- ❖ Best-in-class hardware and software running in 2 state-of-the art Data Centers for full redundancy

World-class support

- ❖ U.S. – based customer support
- ❖ Emergency technical support available 24/7

Maximum Flexibility

- ❖ Flexibility to use the functionality you need
- ❖ Easily customized to meet your specific needs

Built for suppliers who need maximum horsepower or functionality, eStore-Connect delivers a PunchOut solution that will leave your competition envious. With too many features to list here, eStore-Connect will meet your needs now – *and in the future!*
